

Chief Executive Officer

Geoscientists Canada/Géoscientifiques Canada, a national federation of provincial and territorial geoscience regulators representing the common interests of Canada's 14,000 professional geoscientists, is recruiting for the position of Chief Executive Officer.

We are seeking a superior candidate, will offer competitive compensation and are flexible on job location.

In this supporting role, you will report to the President and Board of Geoscientists Canada as you implement programs to align regulations nationally, enhance public confidence in the competency and integrity of geoscientists and provide a national and international voice for regulators.

The CEO will administer and implement Geoscientists Canada programs consistent with its mission, vision, strategic direction and objectives. In addition, you will build and maintain effective working relationships with Canadian geoscience regulators, build networks and liaise with national geoscience organizations and with other regulated professions, and speak for Geoscientists Canada at a national and international level.

Preference will be given to Professional Geoscientists registered with a Canadian association.

Please see our website at www.geoscientistscanada.ca.

To apply for this position, please submit your resume and cover letter, in complete confidence, to:

Pullan Kammerloch Frohlinger LLP
300-240 Kennedy Street,
